PHARMACY BENEFIT OVERVIEW

Resources right within reach

Get anywhere, anytime access to your pharmacy benefits with an online account at **express-scripts.com**

- **Can't-lose-it digital ID Card**
Keep it on you 24/7. Download it to your phone, print a copy or do both.
- **Money-saving recommendations**
Don't pay more than you have to. Use our live dashboard to get the right medication, supply and pharmacy for you.
- **Rx and claims history**
Review your past interactions all in one place.
- **Coverage review updates**
Before a doctor prescribes a medication, find out if it needs coverage review, and check status of an in-process review.

For complex concerns or health conditions, call the customer service number on your ID card.

Drug list: Medications covered by your prescription plan

Routinely reviewed by **independent physicians and pharmacists** to ensure you receive clinically effective care.

Plan-preferred medications, including generics and brand names.

Before you visit your doctor, log in to your online account to discover pharmacy **benefits that benefit you**.

During your visit, talk with your doctor about preferred generics so you can **stress less and save more**.

You can search by medication or condition to find a treatment option that works best for you.

Generic prescriptions

FDA-approved generic medications contain the **same active ingredients as brand name** counterparts.

Nine out of 10 prescriptions filled in the U.S. are for generic medications—options that usually provide the **same clinical effectiveness for less cost without a coverage review.**

Review your medications regularly with a doctor or pharmacist and ask **“Is there a generic for that?”**

Access your online account at express-scripts.com or through our mobile app to find a generic or price a medication.

PHARMACY BENEFIT OVERVIEW

Step therapy

Helps reduce costs and ensures you receive a safe and proven-effective medication.

- + **First step medications** are typically generic and lower-cost brand name medications.
- + **Second step medications** are best suited for the few patients who don't respond to first step medications.

Ask your doctor if they're connected to **Real-Time Prescription Benefit** and can check for the most affordable pricing.

Drug quantity management

Verifies the correct quantity,
either tablets or
capsules, of the medication

Most cost-effective medication
strength is dispensed to help
reduce waste

We make sure you receive the
amount, or quantity, considered
safe and effective by the FDA

Prior authorization: Monitors prescription medications

Simply means that **more information is needed to see if your plan covers the medication**. This is also called coverage review.

Makes sure your prescription is suitable for the intended use and covered by your plan

May be avoided if your doctor uses Real-Time Prescription Benefit to select a medication that fits your needs and follows your plan's benefit design

Can be tracked online through your personal account, viewing where your medication is in the process and other details

Don't pay more than you need to

Take action before a medication is sent to a pharmacy

- + Ask your doctor to send your prescription to an in-network pharmacy for greater savings.
- + Ask them if a 3-month supply is an option (vs. a 1-month supply), or to send it through Express Scripts® Pharmacy for home delivery to save you even more

And finally...

- + Don't be fooled by coupons!
- + Take your medication as prescribed and set reminders to help you stay on track
